Dear Jack:

Rothermel is, I believe, a former FBI man who is Hunt's chief of security, has been approached by Garrison's office and, I also believe, has been of little help. I will be interested in anything you hear.

Before you send anyone to Hunt to apply for a job as writer, you might want to know something about conditions of working for him. I have heard of his firing writers on the spot with no notice and without apparent reason.

Sincerely,

Harold Weisberg
